THE CITY

Seoul

Vibrant and Energetic

Seoul, the capital of South Korea, is a vibrant and energetic city, offering endless opportunities for discovery and fun.

Being a 'city of villages', it seems that every subway stop adds a whole new dimension to Seoul - you can experience the fashion madness of Gangnam, the alternative music scene in Hongdae, and the diverse shopping streets of Myeongdong.

As one of Asia's leading cultural sites, Seoul has five ancient palaces and five UNESCO World Heritage sites that you can check out. You can lose yourself in hundreds of museums, performance centres and galleries. Bargain hard at markets and underground shopping centers, or treat yourself to the delights of the world's leading fashion boutiques.

This city that never sleeps becomes a whole new world at night, where you can party away at fashionable nightclubs and trendy bars, or relax with your friends over bulgogi and beer.

Seoul has something for everyone, regardless of whether you are here just for a week or for a few months. Whatever the time of year, an almost endless selection of entertainment awaits you.

LEXIS SEOUL is just a few steps away from Gangnam Station, in the vibrant heart of one of Asia's best known fashion and entertainment districts. Hundreds of cafes, restaurants, bars and clubs are within a short walk, while the fast and efficient Seoul Metro links Gangnam to the rest of the city and beyond.

Lexis Korea occupies 3 floors of the ANY Tower building, with floor-to-ceiling glass windows providing views over the buzzing streets of Gangnam. A rooftop garden area offers students a quiet refuge from the bustle of the city below.

With 18 large air-conditioned classrooms, Lexis Korea has world class facilities designed to ensure that students can make the most of their study experience in a safe and comfortable environment.

THE CITY

Busan

Stunning and Beautiful

Busan, South Korea's second largest city, is a beautiful city famed for its stunning beaches and lively food scene with fresh, delicious seafood being the key ingredient in most kitchens.

Much more relaxed than the capital, Busan exudes a holiday-resort-city vibe, offering a completely different experience from Seoul. A paradise for nature lovers, Busan is framed by stunning natural landscapes, with a beautiful coastline and ocean views to the south as well as scenic mountains and cliffs to the north.

Just minutes from the bustling downtown area, you can lounge on one of Asia's finest beaches, explore the wilds of Korea's national parks, find inner peace meditating in a temple, or enjoy the fresh seafood at Korea's largest fish market.

There is also no shortage when it comes to Busan's thriving nightlife. Dance your night away at some of the best nightclubs at Gwangalli Beach, or if you prefer, unwind to some jazz at Haeundae Beach.

With its laid-back vibe, Busan makes an ideal study location, that has an affordable cost of living and a welcoming temperate climate throughout the year.

If you wish to enjoy a relaxing and peaceful resort lifestyle whilst experiencing Korea's city excitement, Busan is the place to be.

LEXIS BUSAN fills the 6th floor of the landmark DS Tower, with classroom facilities that ensure our students can make the most of their study in an innovative, modern school environment.

Located in Busan's dynamic student area of Seomyeon, and immediately opposite the uber-trendy Jeonpo Cafe Street, Lexis Busan is right in the middle of the excitement! Efficient transportation links connect the school to attractions such as Haendae and Gwangalli beaches, while the Seomyeon district itself bustles with life day and night. University students and the city's young professionals flock to the area in the evenings to explore the myriad of cafes, bars and restaurants, while during the day there are endless options for an inexpensive and delicious meal.

CAMPUS TRANSFER

Lexis Korea runs a weekly curriculum with both our Seoul and Busan campuses sharing the same course cycle, allowing our students the opportunity to transfer from one campus to the other without skipping a beat.

Please come to our front desk and our friendly student services team will organise your Campus Transfer to either Seoul or Busan.

Martin from Germany

I am very satisfied with the homestay as I always wanted to experience the local Korean lifestyle. My host family were all very nice, friendly and lovely and provided very good home cooked food. The breakfast setting was so impressive and my host made sure I was never hungry. My room and the shared toilet was clean and tidy when I checked in.

Michelle from Australia

I lived in the mini studio for 3 months, and whilst the rooms are relatively small, it wasn't too bad. The rooms had everything I needed including a private bathroom, desk where I could do my homework, and even a mini fridge. The shared facilities like kitchen were neat and clean, and also had rice, instant ramyeon and even toast/jam. It was located just 10 mins walk to Lexis so that was very convenient for me.

HOMESTAY

Homestays allow students to live with a local family, experience day-to-day life in Korea, and enjoy amazing home-cooked Korean food! There is no better way to develop your language skills and learn more about this fascinating country than to fully immerse yourself in the culture and society. As with most Koreans, our homestay families are eager to share their culture with our students, and can introduce you to some of the hidden delights of Seoul and Busan.

Some families live in downtown apartments, others in larger homes in the suburbs, but regardless you will be warmly welcomed to the house as a guest, and will have the chance to experience the hospitality for which Koreans are well known for.

MINI STUDIO

Lexis Korea can arrange accommodation from a selection of mini-studio locations in both Gangnam and Seomyeon. Mini-studios, or better known as 'goshiwon' to the locals, are low-priced accommodation normally used by university students. Rooms are self-contained, with basic furnishings and a private bathroom. Kitchen and laundry facilities are shared, with most providing free rice, noodles and kimchi.

Please keep in mind however that while mini studios are the cheapest possible private accommodation, the rooms are very small!

Typically, the mini-studios we provide are within a fifteen-minute walk to the Lexis campus, and are a short stroll from a near-endless selection of shops, restaurants and bars. Full CCTV security systems are in place, along with auto-locking doors and on-site security; making mini-studios an ideal option for women travelling alone. Many providers offer 'women only' floors, so please request this if you would feel more comfortable.

SERVICED APARTMENT

For those wanting a more comfortable stay, serviced apartments offer a higher standard of accommodation. We have affiliated partners in both Seoul and Busan to offer you convenient and comfortable accommodation options. I stayed at the serviced apartment located right next to Lexis and it was very convenient. The room was clean and spacious. There was a mini kitchen area and washing machine so I could do my laundry too. I had a very comfortable stay. For me convenience was most important, and the location in Gangnam was great.

WE

Dana from United States

The teachers are the best part of this experience. They engage the class using various methods to make sure the students understand. They always explain things thoroughly and were very patient with the students. They are fun, yet keep learning a priority. It was also fun to meet students from all around the world with the same goal - learning the Korean language. I wish I could stay much longer but I hope to come back and study for a much longer next time.

Savannah from Switzerland

My teacher made the class very fun and had a lot of patience with us. She made me want to interact in class and also pay attention. She would introduce a wide variety of topics as well as vocabulary. Class was never boring. I stayed in the mini studio and the accommodation was also great. Our mini studio manager was very friendly, willing to help and even took us out for activities. The support system in Lexis is very good and I felt well taken care of. Thank you so much for a great time! I also appreciate that I could learn so much and really see my Korean skills improve. I'd love to come again!

LEXIS KOREA!

Emma from Thailand

The first day I came to Lexis Korea, the people were helpful, welcoming and lovely. In class, the teachers are all friendly and it's very nice when the teachers give students their Kakaotalk ID because I feel like I could ask them for help anytime and anywhere I go. I love Lexis Korea very much. Thank you so much for giving me such good experiences and fun time in Korea.

Kellie from Australia

Even though Busan campus is just starting out, it is already creating a solid reputation for being a great Korean language institute. The teachers are lovely and always include the students, and the students easily create a welcoming atmosphere. Even though afternoon classes are tied along with morning classes, making them exceptionally intensive, I feel my comfort in speaking, reading, writing and listening have vastly improved

Amy from Belgium

I love to come and study at Lexis. I learned Korean in a fun way, and on a high level. I also met a lot of amazing people and I made friend for life here. I also enjoyed Seoul alot, it's always so much fun here with a lot of activities to do. Seoul really in th city of night at day or at night time it's always fun. Sometime it can be a bit busy or you can get lost, but that's totally okay. If I could I would like to stay here forever.
